### Why Mapleton?

Are you looking to gain hands-on experience in municipal building services? Our Building Department is seeking a motivated Co-op Student to join our team. This is an excellent opportunity to learn about Building Code compliance, permitting processes, and inspection procedures in a professional environment.

### What We Offer:

- Practical experience in a municipal building department
- Mentorship from experienced professionals
- Exposure to permitting, inspections, and code compliance processes

### Duties and Responsibilities

Key duties of this position include, but are not limited to:

#### Administrative Support

- Assist with front desk duties including but not limited to fielding customer enquiries and inspection bookings, filing, data entry, and document management related to building permits and inspections

#### Inspection Assistance

- Accompany building inspectors on site visits to observe and support inspection activities

#### Plans Review Support

- Help review building plans and related documents for compliance with applicable codes and standards

## Qualifications

The successful candidate must be able to satisfy the following criteria:

- Be currently enrolled in a post-secondary program related to construction, architecture, engineering, or a similar field
- Possess strong organizational and communication skills
- Be able to work independently and as part of a team

A working knowledge of Building Code and construction practices is an asset.

## Working Conditions

Work is often split between indoor office work and outdoor site visits. The successful candidate will be required to supply their own CSA approved footwear.

### Outdoor Work:

- May spend hours on construction sites inspecting ongoing work, checking for compliance with building codes
- Can be exposed to various environmental conditions such as extreme weather, noisy environments, dusty conditions, and even potentially hazardous situations like working on construction sites with heavy equipment.

### Indoor Work

- Frequent use of computers required for front line duties and plans review
